Builder: Other

Naval Architect: Olivier F. Van Meer

Hull Material: Steel

Hull Configuration: Displacement

Superstructure: Flybridge

Air conditioning, Stabilisers at anchor, Stabilisers underway,
Deck Jacuzzi, WiFi connection

A beautiful Dutch built tri-deck displacement yacht with sleek lines and seamless quality. Her light interior has timeless appeal, with neutral tones and navy detailing which are echoed on deck.

On the main deck, her elegant main saloon features two huge L shaped sofas and a 65" TV with kaleidoscope movie system. Moving forward is a smart dining saloon where 12 guests can dine very comfortably and in style.

10-12 guests are accommodated in 3 distinct areas onboard:

- The master cabin, located forward on the main deck. This suite comprises a separate office, large bathroom with walk in shower and bath tub plus a fold out balcony where the principal guests can dine or relax in privacy.
- The lower deck features two double cabins and 2 convertible twin/double cabins all with en suite shower facilities. One of the convertible cabins has an additional Pullman berth suitable for a child.
- The sky lounge, with its separate shower room and pull out king bed, can be configured as a 6th cabin with commanding views aft.

LADY DEE's exterior spaces are generously proportioned for guests to enjoy al fresco living. There are several seating areas and a large dining table situated on the main aft deck. The sun deck has a Jacuzzi and sun pad area forward and clever fold down seating aft; there is plenty of sunbathing space for everyone.

LADY DEE has a large swim platform and a wide range of water sports equipment. With a Greek charter license and an enthusiastic, long standing crew (including 2 chefs), you will find no better platform upon which to enjoy the islands of the Aegean and Ionian Sea.
